Re: July 2<sup>nd</sup> sentencing of 6 defendants

Your Honor, may God place on your heart and decision for the leniency these pro-lifers deserve. They are not violent criminals and a federal penitentiary jail time seems awfully harsh. They were doing what they felt was right and meant no harm to anyone.

Thank you for your  
consideration,

Please your Honor, exercise leniency in  
sentencing. These are not violent criminals.

I have personally known Denny Green  
for many years and his family. They  
are kind, good, honest American people.

The kind of people you would feel safe

RE: Sentencing of Dr. Coleman Boyd scheduled for July 2, 2024

Judge Trauger,

It is with great hope that we petition for your consideration of a probated sentence when deciding the punishment for our friend Dr. Coleman Boyd.

Coleman has been a friend for many years and his humanitarian efforts have been exemplary. He and his family have diligently provided for the homeless population in Jackson, Mississippi by providing food and encouragement for those less fortunate. Since they live on a farm they have been able to grow crops to supply the needs of many indigent folks.

Coleman's family of 13 children represent a composite of our country's citizens. He and his wife have adopted children of Asian and Black descent providing a loving family for children who otherwise would not have the benefit of being included in a community that cares for them. Being a doctor, Coleman also has the medical training to provide for them medically. Coleman and his family have welcomed single young mothers into their home while they are expecting a child and in one case they adopted the newborn of a teen mother who lived with them.

In the last several years, Coleman has been building an orphanage in Thailand and has made several trips to Ukraine to help with the medical needs of people who are having to deal with the ravages of war.

These are some of the reasons we ask for your leniency in sentencing Coleman on July 2. His family and our community needs him and his dedication to care for so many who have had a tough time in life.

We sincerely thank you for your consideration in this important decision.

Dear Judge Trauger,

For peacefully protesting at an abortion clinic in Mount Juliet, Tennessee on March 5, 2021, six people were determined to be criminal.

On July 2, 2024, you will hand down sentences to these six people who were trying to non-violently protect unborn human life. Among the six is Doctor Coleman Boyd, an emergency room physician and father of 13 children.

Please show leniency in sentencing these non-violent, life-loving people.

Thank you.

Judge Aleta Trauger,

Dear Judge,

The reason I am writing this letter is on behalf of Mr. Coleman Boyd and five other defendants who was arrested in March 2021 for simply trying to persuade pregnant women from killing their precious babies and choose life. If a person saw another person on the street and was being beaten to death by someone I would hope some kind of intervention would happen to prevent a life being lost. Abortion is not health care. It involves two people; one undergoing an unnecessary surgery and the other being murdered. How is that considered "Health care".

I plead with you to not put these individuals  
in prison. We need courageous people like them  
to try and stop the murdering of babies which  
since Rev. Wade about 65 million have been  
slaughtered.

Before you sentence them please look in your  
~~top~~ mirror and see if you really have it in you  
to convict them.

Dear Honorable Trauger,

We write to ask you to exercise leniency in sentencing regarding the case of Dr. Coleman Boyd and codefendants . Whereas, we do not know them personally, we have strong beliefs regarding the immorality of abortion and see this conviction as an attempt to cut off the rights of the Boyds and others who are trying to let their voices be heard. This action of theirs falls more within the Constitutional rights of individuals than the actions of those who run baby killing mills in the name of health. Please consider the greater picture here; maybe even dismiss any penalties at all.

Judge Aleta Trauger,

On July 3, 2024 you will be sentencing a very close friend of mine, Dennis Green. I write to you in view of this upcoming sentencing. Denny Green, along with 5 others, were unjustly convicted in your courtroom on January 30, 2024. The unjust verdict was NOT brought by you; however, the sentencing that follows DOES rest upon the authority that has been granted to you by God. Therefore, I urge you to exercise this God given authority in a way that is good and just according to the only true standard of justice, namely God's. A unique opportunity has been given to you to establish true justice on the coattails of a grave injustice.

It is my duty as a Christian minister and an American citizen to inform you of the person and character of Dennis Green. I have known Denny for about 3 years and he has become a good friend of mine. Denny Green is a good man, a true embodiment of a faithful husband, father, and a man who loves God with all his heart, soul, and mind. He is a faithful citizen who loves his neighbor as himself and treats others the way he would want to be treated.

Denny is a father of 13 children with some of them still living under his roof, and he being the sole provider for his wife and children. I have observed him as a husband and a father, and he is an example to model when it comes to loving and providing for his wife and children. He demonstrates the qualities of selflessness, temperance, and self control, beyond measure. Denny's youngest child has down syndrome. This child has grown to be Denny's best friend and sidekick. They go and do everything together. For this child to be separated from his dad would be detrimental to the child's wellbeing.

Denny runs a couple of successful family businesses. One is an online bookstore, and the other is working and helping the Amish in and around his community. He is not a dead beat that does not contribute to society. Rather, he is a hardworking man that provides excellent services to and for people, and therefore, contributes to society.

Denny is a Christian ministry and services in his local church. He is dedicated to loving and serving people. He loves and cares for the needy in the nearby communities.

As a missionary, Denny has lived and temporarily worked all over the world. He has spent much time sharing the good news found in Jesus Christ and giving humanitarian and financial aid and simply encouraging folks in need in all of these places.

Judge Trauger, the point of all of this is in no way to praise Denny or lift him up. Rather, it is to help you to see the type of person that you are sentencing and potentially taking out of society. I urge you to do right and establish justice and drop the charges against Denny Green.

Sincerely,

Re: The sentencing of six pro-lifers who were praying at an abortion clinic.

I'm not sure I understand.

Ripping the arms and legs off the body of a fetus and crushing her skull. This is deemed "reproductive health service".

Dr. Boyd and his wife Robin have 13 children. I'm sure most are adopted. These children need their dad! I'm sure you know the statistics, boys without a father get involved with gangs and dealing in drugs. Girls drop out of school and become pregnant at 14.

Whatever the sentence you decide to impose on Dr. Boyd. I'm offering to take his place in prison.

Waiting to hear from you.

RE: Freedom of Access to Clinic Entrances Act (FACE Act)

Your Honor:

I am praying for you. The inner workings of this case, I can only imagine the difficulty of judging with righteous judgment while enforcing the laws of this Great country. My fellow brothers and sisters see the value of one single life of a child and the mental anguish of the parents who decide to abort their child. They have decided to dedicate not only their time but their lives to protect the most precious among us, the most vulnerable among us, those who can't speak for themselves. Imagine if someone was trying to kill me or you before you had a voice. Your Honor, you now stand in the gap of adding to the devastation that already has had a tremendous effect on our country and of those that were trying to save a life or reducing that destruction and showing great compassion and mercy. I plead that you would not participate further in the loss and destruction of life but the giving of grace. We as believers are accountable before God and I guarantee that my fellow brothers and sisters will see their error and not repeat a misunderstanding of a law they were not as familiar with as they are now. Please Your Honor exercise the power of Grace and Mercy as you sentence these individuals.
